

Messiah

Biography

Messiah - A savior or liberator of a group of people. And what better way to liberate people than through music...

Dj Messiah began spinning in his early teens. Shortly after graduating from High School he launched his professional career at legendary Webster Hall in New York City. With 100+ mixtapes under his belt, he has received co-signs from some of the top artists in the industry including Sean Kingston, Soulja Boy, 2 Chainz, Travis Porter, Rick Ross, G-Unit, Paul Wall, Mobb Deep, among others.

National publications have featured DJ Messiah including The Source, Hip Hop Weekly and XXL. In Addition, he has received nominations at notable award ceremonies prior to reaching his 20's. After years of "paying dues" and rocking high capacity venues in NYC, such as BB Kings, Webster Hall & Phuket Lounge, he landed a weekly residency at Jay-Z's NYC hotspot, The 40/40 Club!

Dj Messiah is a "go-to" Dj for high profile companies such as McDonalds, Victoria's Secret and Kiehl's Cosmetics. Impressive corporate events for heavily respected organizations such as The United Nations, The World Cup, and The Fox Sports Network have entrusted in his eclectic music selection. The workflow is consistent, he currently holds several weekly residencies in NYC and the surrounding Tri-State area. His clever creativity, vast musical knowledge, and swift ability to jump across genres, all reinforce a promising spot in this industry for quite some time.
